Additional Information

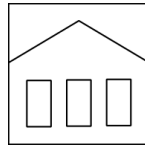

Important Information

Avoid bumps, friction and impact.

Do not apply to any safety-relevant plastic parts, e.g. helmets. Not coated with synthetic resin paints
Varnish substrates, as this leads to lifting and lead to rippling of the old paintwork can.

Shelf Life

60 months

The usage period refers to an unused can that is stored correctly at a temperature of 60° F - 77° F / 15 - 25° C and a relative humidity below 60%. The can must be stored and transported in an upright position in a dry place where it is protected against chemical and mechanical influences. The safety information on the can and all statutory provisions applicable for the storage site must be observed.

Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.
