Auto-K Basic
Filler-primer red
400 ml
Art. Nr. 233002

Product

Description / Purpose

The product primes and fills in one operation, is universally applicable and easy to sand. The high solids content causes pores and fine grinding grooves are balanced and it becomes one achieve a closed, smooth surface.

The subsequent sanding with fine sanding paper creates an even surface, which is the prerequisite for the successful Top coat creates.

Properties

- Provides a smooth surface
- Guaranteed uniform top coat
- Good adhesion
- High filling capacity
- Very good course
- Fast drying
- Good sandability

Material base

nitro combination resins

Colour

Red

VOC Value (EU)

83,34 g/l

Substrate

Steel (cleaned and sanded)

Pottery, stone, clay, glass, paper and some plastics.

Here before in an inconspicuous place check compatibility and liability.

Processing

Protection measures

Wear personal protection equipment.
(gloves / goggles)
