Auto-K Basic
Rust converter
400 ml
Art. No. 233063

Product

Description / Purpose

Rust converter and epoxy primer in one. For effective rust conversion and simultaneous priming on metallic substrates. Application in the field of car, DIY, craft and industry. Simply spray the transparent active ingredient directly onto the grate. Rust is converted into a black-grey protective layer which, after drying, is painted over with 1K top coats can be.
Available as 400 ml spray paint and 250 ml liquid.
Simply spray on the Auto-K rust converter (Art. no. 233063).
Apply the liquid emulsion (Art. no. 745041) with a brush or roller.

Properties

- Rust converter and primer
- High efficiency
- Effective rust removal
- Easy and quick processing
- Ideal for vehicles, DIY, crafts and industry
- Can be painted over with 1K top coats (color)

Material base	Special resins
Colour	transparent
VOC Value (EU)	94,6

Substrate

Iron, ferrous metals, sheet metal, steel, sheet steel
(remove loose rust first)

Processing

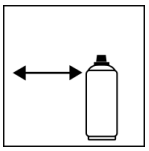
Protection measures

Wear personal protection equipment.
(gloves / goggles)
For more information, see safety data sheet.

Shake

Shake can thoroughly for 2 minutes

Spraying distance



10 cm - 20 cm,
Hold the can as upright as possible.

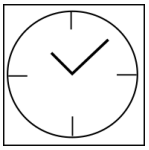
Spray passes

3 - 4 coats in thin coats: approx. 10 - 12 µm

Processing conditions

Optimum application at 18° C - 25° C.
The substrate must be dry and free of dust and grease.

Drying



fully dried: approx. 12 - 24 hours
can be painted over: after 24 hours

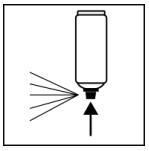
Continue

Paintwork:

1. Auto-K Basic Rust Converter Spray or
   Liquid rust converter.
2. 1K top coat (shade).
   Our recommendation Auto-K car paint spray.
3. Auto-K Protective Clear Coat (optional)

Recoatable with itself at any time.
With 1K top coat (color) after 24 hours drying.

Finish



After painting, turn the can upside down and spray for 3 - 5 seconds to clean the valve.

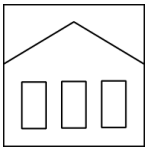
Additional Information

Important Information

Avoid bumps, friction and impact.

Before starting work, the surfaces or objects to be painted must be cleaned and sealed accordingly degrease. Remove loose rust.
Do not spray on synthetic resin painted surfaces, as the paint may pull up.

Shelf Life



10 years
The can must be stored and transported upright, dry and protected from chemical and mechanical influences at a temperature between 15 and 25° C.
The safety instructions on the can and all legal regulations at the storage location must be observed.

Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.

Note

Before use, the safety instructions must always be read carefully and observed.
