Additional Information

Important Information

Do not spray on synthetic resin painted surfaces, as the paint may pull up.

Do not coat any safety-relevant plastic parts such as crash helmets, as the mechanical properties could be adversely affected.

The can is upright, dry and protected from chemical and mechanical influences to be stored and transported between 15 - 25° C.

The safety instructions on the can as well as all legal provisions of the storage location to note.

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.

Before use, the safety instructions must always be read carefully and observed.
