Finish

After painting, turn the can upside down and spray for 3 - 5 seconds to clean the valve.

Additional Information

Please note

Avoid shocks, friction and impacts.

Recommendation:

With belton clear coat for all effects (Art no. 323 399) overcoat. Please check plastic substrates for compatibility. All other substrates such as stone, clay, ceramics, glass, rattan/raffia, cardboard/paper should be primed with the belton universal primer.

Do not spray on synthetic resin painted surfaces, as the paint may pull up.

Shelf Life

The can must be stored and transported in an upright position between 15 - 25° C and a relative humidity of not more than 60% in a dry place where it is protected against chemical and mechanical influences. The safety instructions on the can as well as all legal provisions of the storage location have to be noted.

Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.

Note

Before use, the safety instructions must always be read carefully and observed.
