belton® Special
Neon effect green
400 ml
Art. Nr. 323254

Product

Description / Area of use

For decorative paintwork in gaudy neon effect.
Fluorescent special pigments provide the special kick with this luminous effect paint.
This allows a wide variety of beautify painted objects such as lampshades, kites etc.

Product benefits

- Neon effect due to fluorescent special pigments
- Luminous even with low UV light
- Good hiding power and fast drying
- Very good flow and easy processing
- Weather-resistant, for inside and outside
- Ideal for decorative items
- White pre-coating required for optimum neon effect
- Can also be used for safety coatings.

Material base

Nitro combination resins

Substrate

Metal, wood, plastic, styrofoam, stone, ceramics, clay, glass such as rattan/raffia and cardboard/paper etc.

Processing

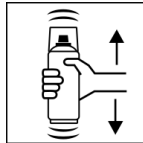

Protection measures

Wear personal protection equipment.
(gloves / goggles)

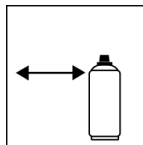

For more information, see safety data sheet.

Shake

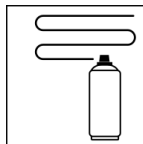

Shake can thoroughly for 2 minutes
- starting from when the mixing balls are heard.

Spraying distance

15 cm - 25 cm

Spray passes

with 2 cross coats: approx. 20 - 25 µm

Processing conditions

The surface to be painted must be clean, dry and
free of grease.

Do not spray on synthetic resin painted surfaces, as
the paint may pull up.

Drying

dust dry: after approx. 20 min

dry to touch: after approx. 60 min

fully cured: after approx. 12 hours

Painting structure

Paintwork Metal:

3. belton special Neon effect
4. belton clear coat for all effects

Recoatible with itself at any time, with clear coat after 60 min.

Finish

After finishing the painting process can turn around and spray the valve empty.

Additional Information

Please note

Be sure to pre-paint with a white shade to get the best neon effect.

The belton clear coat for all effects (Art. no. 323 399) permanently seals the neon paint and ensures a weatherproof, lightfast and high-gloss finish.

Please check plastic substrates for compatibility.

All other substrates such as stone, clay, ceramics, glass, rattan/raffia, cardboard/paper should be primed with the belton universal primer.

Shelf Life

The can is upright, dry and protected from chemical and mechanical influences to be stored and transported between 15 - 25° C.

The safety instructions on the can as well as all legal provisions of the storage location to note.

Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.

Note

Before use, the safety instructions must always be read carefully and observed.
