Touch-up stick
Corrosion protection primer red brown
9 ml
Art. No. 433058

Product

Description / Purpose

The Auto-K 1-layer touch-up pen is ideal for the quick and easy removal of minor damage to car bodies caused, for example, by stone chips and grit.

Properties

- Temporary repair of minor damage
- Primer on derusted surfaces
- Easy application
- Good leveling
- Very economical
- Very high corrosion resistance, can also be used on zinc and aluminium substrates
- Zinc chromate free
- Good adhesion
- High filling capacity
- Fast drying

Material base

Special binder combination

Colour

red brown

Substrate

Steel (cleaned and sanded)

Aluminum (cleaned and sanded)

Cured finishes (cleaned and sanded)

The damaged area must be dry, free of dust and grease and completely free of rust.

Processing

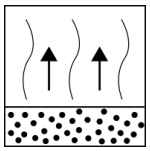
Protection measures

Wear personal protection equipment.
(gloves / goggles)
For more information, see safety data sheet.

Shake

Shake the touch-up stick thoroughly for 2 minutes - counting from the audible stop of the mixing balls.

Flash-off time

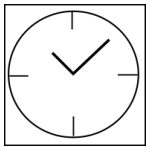


Flash time: approx. 2 - 3 min between the respective working steps

Processing conditions

Optimum application at 18° C - 25° C.
The substrate must be dry and free of dust and grease.

Drying



TG1 dust dry: 10 - 15 min
TG2 dry to touch: 30 - 45 min.

Continue

<u>Paintwork:</u>

1. If necessary, remove adhering rust with the rust scraper.
2. Shake the touch-up stick well before use.
3. Clean the damaged area (e.g. scratch or stone chip) with water and a clean cloth or sponge to remove dirt and grease, possibly with the addition of a light detergent. Do not use abrasive cleaners! After cleaning, wipe well dry.
4. Brush out or dab on scratches with a brush and basecoat in the scratch.

Overpaintable with itself, at any time.
With all Auto-K paints, at any time.

Finish

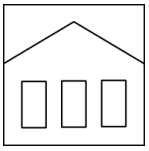
Put the brush back into the touch-up pen immediately after use and close it tightly.

Additional Information

Important Information

Do not use on synthetic resin painted surfaces, as the paint may pull up.

Shelf Life



10 years
The touch-up pencil should be stored upright, dry and protected between 15 - 25° C.
The safety instructions on the touch-up stick and all legal requirements of the storage location must be observed.

Disposal

Touch-up pens with hardened material are to be Dispose of as hazardous waste.

Note

Before use, the safety instructions must always be read carefully and observed.
